PROFESSIONAL OBJECTIVE

Self-taught Frontend Developer with hands-on experience building responsive web applications using React.js, Next.js, TypeScript, and Tailwind CSS. Passionate about creating clean, fast, and user-friendly websites. Built business websites, landing pages, portfolio websites, and restaurant websites while improving my skills in modern frontend development. Currently learning Node.js to expand my backend knowledge.

TECHNICAL SKILLS

Frontend: React.js • Next.js • JavaScript • TypeScript

Styling: Tailwind CSS • HTML5 • CSS3

Tools: Git • GitHub • VS Code • Vercel

Backend (Basic): Node.js • Express.js • MongoDB • REST APIs
